

commenting.sty Quick Demo

Text Additions & Deletions

The ~~old~~^{Bob}~~new~~^{Bob} algorithm runs significantly^{Alice} faster.

Inline & Footnote Comments

Results look promising. Alice: Verify on larger dataset. The method generalizes well^a.

Multi-line Comments

This entire section needs revision before submission. Consider restructuring the argument flow.

Alice

Author Blocks

Paragraphs can be marked as specific author contributions,
with colored text and margin signatures for easy identification.

Bob

TODO Lists

- ☐ Write abstract
- ☐ Revise introduction
- ☒ Run experiments

TODO

Tip: Change [draft] to [final] — all annotations vanish, text additions remain.
See `documentation.tex` for the complete feature reference.

^aBob: Add citation to Smith et al. (2024) [here](#).
